

Dear Applicant,

I would like to thank you for inquiring about a position within the nations leading premier Mobile Wheel Repair company. Our company utilizes a patented process that repairs and then refinishes painted, polished and machined alloy wheels. We service thousands of car dealerships, rental car agencies and auctions across the United States and Canada. In 2004 our expansion will take us into Australia, Europe and the Orient.

This explosive growth has created a lot of employment opportunities within those markets we service. If you are a self-motivated, detailed craftsman and hard worker then please continue on.

The opportunity has unlimited earning potential for those who are interested and are willing to work hard and go the extra mile. A typical technician makes \$ 40,000.00 – 50,000.00 first year income.

Thereafter we know of techs that are earning much more. Perhaps the real satisfaction is the joy one experiences as they conduct the business at different locations and their craftsmanship is rewarded both in income and appreciation. You must be able to work without supervision and enjoy working outdoors.

You will work on the team of our chosen franchise operator in your area. The equipment, products and training will be provided to you. The sales work is done by an Alloy Wheel Repair Specialists sales professional and the accounts will be waiting on you.

If you believe that you qualify for this position and want to be considered for this ground floor opportunity, please fax our corporate offices your resumé along with a completed employment application found on the PDF file within this site to:

Fax: 770-903-1237 or
E-mail us at: tommorris@awrsinc.com
